

REGISTRATION FOR DOCTORAL PROGRAM IN BIOENERGY
2nd SEMESTER OF 2020

This document was approved by the Executive Committee and by the Graduate Committee of FEA/UNICAMP (Internal Act N° 085/2020)

Doctoral Program in Bioenergy, offered jointly by the three São Paulo State Universities (USP, UNICAMP and UNESP) is opening a selection process for the second semester of 2020. The following dates will be observed:

Process	Date
Registration	July, 31th to August, 14th
Results of the Selection Process	August, 19th
Appellation	August, 20th
Appellation results	August, 21th
Approved List	August, 21th

Up to 10 PhD vacancies will be opened for Unicamp, 10 PhD vacancies for USP and 10 PhD vacancies for UNESP. Each PhD supervisor is entitled to have up to 03 new students.

The applicant must indicate, in the Application Form, the Institution in which he/she is applying for the vacancy. The applicant may enrol in only one (1) university.

The application must exclusively be by e-mail (pipgbioenergia.ipben@unesp.br) and all the **REQUIRED DOCUMENTS** (PDF) must be attached.

IMPORTANT: The candidate must inform **by e-mail** the main reasons for choosing this course for the accomplishment of his PhD.

DOCUMENTS REQUIRED:

1. Application form in **Portuguese or English** (available at <http://sites.usp.br/phdbioenergy/>).
2. Letter of Acceptance of an accredited PhD supervisor **at the University indicated on the Application Form** (or in the process of accreditation by the Bioenergy Program).
3. Statement of proficiency in English language (**Annex I**), informing ability to attend and deliver seminars and lectures, as well as reading and writing scientific literature.
4. Updated curriculum, which can be replaced by the Curriculum Lattes, including a summary of the candidate's academic and professional life.
5. Undergraduate Diploma (nationally valid) or Certificate of Completion of Undergraduate Degree with date of graduation. The candidate attending the last semester of the undergraduate program may submit, for enrolment, a statement from the institution with the expected completion of the course.
6. School transcript of the Bachelor course and, if any, of the Master course.
7. Innovative Research Plan, in English, up to 5 pages. The text should include: (i) Title; (ii) Summary; (iii) Brief introduction describing the state of the art of the problem to be

investigated; (iv) Objectives; (v) Strategy and Methodology; (vi) Expected results and (vii) References.

8. Two different **Reference Letters** written by the candidate former Professor /Supervisor / Tutor or Researchers sent to: pipgbioenergia.ipben@unesp.br.

9. **Applicants for UNICAMP enrolment should complete the online Application Form on the Academic Board website - <https://www1.sistemas.unicamp.br/siga/ingresso/candidato/> (available only during registration period)** and send it in PDF version with the other documents requested in this Notice.

IMPORTANT: This item (9) does not apply to applicants for USP and UNESP vacancies.

SELECTION

The selection of candidates will be made by the Doctoral Program in Bioenergy Committee, according to the following criteria:

1. Curriculum vitae of the candidate: Academic Performance (grades, scholarships and awards, reference letters); Scientific Production; (iii) Professional Experience; (5 points)

2. Research Plan. (5 points)

Candidates who do not score at least six (6) points on the sum of the two criteria will be eliminated.

Unselected candidates may appeal the decision by email to pipgbioenergia.ipben@unesp.br.

APPROVAL AND REGISTRATION

1. Approved candidates who need a scholarship must transform their Research Plan into a **Research Project (FAPESP format)**, which must be submitted to FAPESP until the date of enrollment. Proof of submission must be forwarded to the secretariat to make the approved candidate eligible to apply for institutional scholarships.
2. According to the availability of scholarships, candidates may be awarded a scholarship by the PhD Bioenergy Program. Please note that the program **DOES NOT GUARANTEE** scholarships for approved candidates.
3. The list of **SELECTED** and **APPROVED** candidates will be published on the program's website (www.sites.usp.br/phdbioenergy/) and on the Postgraduation in the Faculty of Food Engineering's website (www.posgraduacao.fea.unicamp.br). Each student will receive an email with all necessary information for enrollment.
4. After disclosure of the result, the **APPROVED** candidate will receive - until August 24th - e-mail with information about the registration from the University in which it was approved.

ANNEX I

ENGLISH LANGUAGE PROFICIENCY STATEMENT

DECLARATION OF PROFICIENCY IN PORTUGUESE LANGUAGE

I declare, for the purpose of enrolling in the Interinstitutional Bioenergy Program, that I have the skills in English necessary to understand and give lectures, in addition to reading and producing scientific literature.

I also declare to be aware that, during the course, I will be subjected to a specific proficiency exam, to be defined by the institution in which I am enrolled: failure to perform in this exam may lead to immediate termination of the course.

Date and Signature.
